Reboletti Helps Local Organizations Receive Grants

Addison, IL... State Representative Dennis Reboletti (R-Elmhurst) and AT&T Illinois presented two grant checks to local organizations on Thursday.

Two separate \$1,000 checks were given to the Elmhurst YMCA and Serenity House in Addison through the AT&T Investing in Illinois Awards program which provides resources and recognition to organizations and programs that are improving lives in their communities.

“AT&T Illinois has a proud history of making corporate contributions to Illinois non-profit groups and programs that are making a difference in local communities.

Today, our company recognizes Serenity House Counseling Services, Inc. for improving the quality of life for local residents and strengthening the fabric of our state,” said Valerie Bruggeman, External Affairs Director, AT&T Illinois.

Rep. Reboletti nominated both organizations to receive the grants.

“We are fortunate that very committed and caring groups are working to improve the quality of life for many residents of this district,” Reboletti said. “Serenity House and the Elmhurst YMCA both do tremendous work and I was pleased to help them continue offering their crucial services to our communities.”

The Elmhurst YMCA will use the grant for scholarship funding and Serenity House plans on using it for substance abuse treatment care.

“It is rewarding to have the work we do every day recognized by AT&T. We are driven by our mission to serve the community and this award certainly reminds us that the work we do is important to others and appreciated by the local community,” said Lisa Snipes, Vice President of Serenity House Counseling Services Inc. “We also wish to thank State Rep. Dennis Reboletti for supporting this award.”
